

DIRECTIONAL COUPLING CASTER

BOTTOM SUPPORT

BASIC INFO

Number of Connections:

One

Number of Set Screws:

One

Finishes Available:

Black & Galvanized

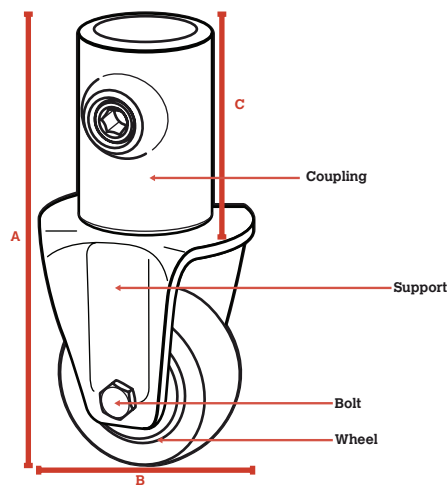

Piece Allow Movement:

No

The Directional Caster can be used for various projects that need to be moved around. This Caster is designed to move in a singular direction. This item is connected to projects by sliding a SteelTek pipe into the top coupling and is secured by a set screw.

FEATURES:

- Hot-dipped galvanized or black electrophoretic coating for corrosion resistance
- Iron construction for durable performance
- Easy installation and removal, no permanent connections
- No special tools needed
- Use an Allen Wrench for connections
- Able to operate in temperatures ranging from -20°C to 300°C
